**Subject: Regarding informing faculty members and students of your institute to enroll for NPTEL courses.**

Respected Sir/Madam,

NPTEL(National Programme on Technology Enhanced Learning) is an initiative by the older 7 IITs and IISc Bangalore for providing the good quality Engineering, Management, Humanities and Science related resources to all. There are more than 1500 courses available at [npTEL.ac.in](http://npTEL.ac.in) for self study. Currently NPTEL courses offers open online courses - MOOC(Massive Open Online Courses) that are free to enrol.

The key features of NPTEL are:

- Anyone, anywhere can study from these courses anytime.
- Every semester 250-280 courses are offered online - free of cost.
- There are 3 durations of courses - 4/8/12 weeks.
- At the end of the course, a certification exam that has to be attended in person and is proctored, for which there is a nominal fee, is conducted in 120 cities in India, which includes Nanded, Latur, Aurangabad, Solapur and Pandharpur etc. that are closest to us.
- These courses can also be studied offline using smart phones and laptops etc.
- The course consists of videos every week, assignments and learners can interact with course co-ordinator through online discussion forum.
- Credit transfer under CBCS can also be availed by students through NPTEL online courses, for which our University had already given approval.
- Advanced and elective courses are identified as FDP(Faculty Development Programme) by AICTE.
- E-certification through NPTEL will be counted for calculating API (UGC notification in The Gazette of India dated 18/07/2018) and can be considered as one of the alternatives for attending conventional Refresher courses of HRDC's.
