

**DAYANAND COLLEGE OF COMMERCE, LATUR**  
**ACTION TAKEN REPORT ON FEEDBACK RECEIVED ON CURRICULAM**  
**ACADEMIC YEAR 2013-14**

The action taken report of the feedback received on curriculum for the Academic Year 2013-2014 from different stakeholders as recorded in the minutes of **LMC** meetings held on during the month **20th March 2014** is as follows:

Sr. No	Particulars of Stakeholders	Suggestions	Action taken as recorded in LMC Minutes
1	PARENTS	Most of the curriculum of B.Com. First year is repetition of 11th and 12th Commerce.	For B.Com. Students enroll from all faculties such as Science, Vocational Courses, Arts etc. They are not familiar with basics of accountancy and other commercial terms. So for this purpose, a brief summary of previous concepts is essential.
		In revised curriculum, tally is for 2nd term only. It should be for both semesters.	As the curriculum is framed by the university, the college has communicated this to the BOS members.
		Instead of a theory course on Business Communication, practical demonstrative course is the need of the hour.	As a part of continuous internal evaluation, the teachers conduct practical activities such as seminars, interviews, group discussions, demos etc.
		There should be a parents association, which should meet occasionally. While revising the curriculum there should be separate parents meets and their opinions should be implemented.	The parents-teachers association is constituted and their periodical meets organised.
		CBCS pattern as per UGC decision to be implemented.	The university is in the process of this decision. It may be implemented in next 2 years.
		Business Mathematics should not be a compulsory course in B.Com.	It is an essential course as per the expert opinion. For future career options, in any entrance examinations, the basic mathematics is required.
		Specialised programme in Banking should be introduced.	From the current academic year, B.Com. (Banking and Insurance) is introduced from the first year and phase by phase, it will be started for second and third year.

2	ALUMNI	There should be more interaction among the academics and the industries in the curriculum.	The career counseling and placement cell established. It is given the responsibility to interact with the industry experts, invite them for guest lectures, seminars and other events.
		Alumni association should meet frequently for revising the curriculum.	Alumni Association Incharge teacher is communicated about the suggestion. He conducted meetings of the Alumni Association twice a year and discussion was made on various matters including the revision of curriculum.
3	TEACHERS	The use of audio-visual aids should be increased while teaching the curriculum.	New LCD projectors and laptops are purchased. Selected teachers are provided the laptops. They started using this in classrooms and some events.
		The curriculum revision should consider the curriculum of CA, CS and CMA professional programmes.	The BOS members of university and our college heads are communicated about the suggestion. They have already consulted some professionals while revising the curriculum.
		Recent amendments in the Companies Law should be part of curriculum.	From the next year, the curriculum of B.Com. Second year is under revision. The revised contents will be added to the curriculum.
		To increase the results, remedial classes should be conducted.	The remedial coaching schedule was prepared and implemented. That helped to increase the results.
		More weightage should be given for internal marks. Remedial tests should be conducted for the absent students in college unit tests.	The decision about the internal marks is taken by the university. The college has taken into consideration the issue of remedial test for absent students. The internal exam cell has started this practice of remedial tests.
		Commercial and other laws are very complicated. They should be eliminated or should be optional.	In commerce, we can not completely eliminate the law-related parts. It is part of business environment. However, the curriculum may be in simple lucid language.
		College should start coaching for competitive exams	Coaching for SET/NET, Banking is started.

4	STUDENTS	The curriculum of Income tax is revised each year as per the changes of Income Tax in the budget. But the contents are implemented one year late.	The budget is presented in February each year, finalised in May and related books are available in July onwards. The university revision of curriculum is not much fast. The college communicated this matter multiple times to the universities authorities.
		M.Com. Curriculum does not have many optional subjects to choose from.	The college has already communicated the issue to the university. It will consider at the time of revision of curriculum.
		In BCA, computer experts, web designers, software developers should teach the curriculum.	As per the availability of these experts, the college invites them for occasional events and interaction with students is done.
