

Personal Counseling Cell

Some of the students are found psychologically disturbed & their abnormal behaviors also notice. Similarly some of the students having extraordinary qualities and very decent behaviors. Both the types of students are brought to the notice by respective class teacher. The cell takes proper cognigence of the information and every noticed student is counseled. Post counseling results are found satisfactory. In case of some extreme cases we refer professional expert for counseling purpose.

The main objective of the cell is as under

- To keep the students psychologically sound and calm.
- To protect the students from the disturbance of abnormal students.
- To keep the parents of the abnormal students, free from worries and anxieties.
- To feed proper information to parents, about students behaviors.
- To suggest parents, some remedial actions.
