## About the College

### History :

At the time of liberation of Hyderabad from the clutches of Nizam in 1948, the five districts of the region had minimum facilities of education up to just the matriculation level. For higher education, students had to go to big cities like Pune, Mumbai or Hyderabad. The common students of the region could hardly afford this. After the independence, the most urgently felt need was to facilitate the people with good and affordable education to make them educated and able citizens of India. Taking into account the poor facilities of education in Marathwada region, the philanthropist, reputed merchant community of Latur, decided to establish higher education society at Latur. The founders established Dayanand Education Society (DES) and commenced Dayanand College in 1961 with Arts, Commerce and Science disciplines. In 1967, Science College got separated, while in 1971 Arts and Commerce became independent colleges.

In 1961, the then Governor of Maharashtra Shri. Shriprakash set the founding stone of the building of DES and today it has branched itself into almost a mini University. The society's 22 acres of spacious campus incorporates independent spacious buildings of eight colleges, Laboratories, boys' and womens' hostels and library building. A spacious canteen, a grand auditorium, society office, many well equipped play grounds, indoor stadium and lush greenery add to the educational environment of the campus. The parents crave to enroll the future of their children in the campus. The staff feels immensely honoured in serving this society.

Initially Dayanand College of Commerce was permanently affiliated to Marathwada University, Aurangabad upto 1995 and then to Swami Ramanand Teerth Marathwada University, Nanded. The college is recognized under 2 (f) and 12 (b) of the UGC Act.
