About Seminar

India is on the brink of becoming the world's most populous country, with a significant proportion of its population being young and dynamic. This demographic dividend presents a unique opportunity for India to accelerate economic growth and social development. However, to fully realize this potential, a comprehensive and multidisciplinary approach is required. This conference aims to

bring together experts, policymakers, industry leaders, educators, and researchers to explore strategies for leveraging India's demographic dividend to achieve a self-reliant and sustainable future by 2047.

Objectives of the Seminar:

- 1. Explore Opportunities:** Identify and discuss the vast opportunities presented by India's demographic dividend across various sectors.
- 2. Foster Collaboration:** Promote collaboration between academia, industry, and government to develop integrated and innovative solutions that harness the potential of India's young population.
- 3. Promote Innovation:** Highlight the role of technology and innovation in maximizing the benefits of the demographic dividend and driving sustainable growth.
- 4. Emphasize Sustainability:** Focus on sustainable practices that ensure long-term growth, resource conservation, and environmental stewardship.
