

DAYANAND COLLEGE OF COMMERCE, LATUR

Experiential Learning Activity: Mind Puzzle

By: Dr. Rupa Nandan Gilda

About Activity: A quiz competition is conducted where students are given different mind puzzles such as logical reasoning questions, number series, riddles, pattern-based puzzles, and aptitude-based brain teasers. Students answer within a fixed time limit individually or in teams.

Date of Activity: 15 September 2025

Total Participant: 19

Objectives of Activity:

- ✓ To improve logical reasoning and analytical thinking among students through puzzle-based quiz.
- ✓ To enhance problem-solving ability by solving puzzles under time constraints.
- ✓ To develop quick decision-making skills through rapid quiz rounds.
- ✓ To encourage healthy competition and active participation among students.
