13	Purpose/aim/objective and outcome of the event			
	Objectives: The main objective of conducting a seminar in college for students is to provide a platform for academic growth, skill development, and exposure to new ideas beyond the regular classroom teaching. Seminars are organized to help students deepen their understanding of specific subjects, enhance their communication abilities, and develop confidence in presenting and discussing topics. Outcome: Through seminars, students are encouraged to develop communication skills, critical thinking, and confidence in presenting their ideas. They also learn to engage in discussions, ask questions, and analyzed. different perspectv.Furthermore, seminars often involve group activities and presentations, which foster teamwork, leadership qualities, and time management skills.

Complete Activity Report (Description)

The activity was conducted in **Classroom (Hall No. 46)** during the regular lecture at **9:00 a.m.** for **B.Com Third Year (A and B Division)** students. Dr. Ausekar K. D., the subject teacher, was in charge of the activity. A seminar was recently conducted in our class in which students were allowed to choose their own topics. It was a very interesting and educational activity. The main purpose of the seminar was to improve our knowledge, confidence, and speaking skills. Many students selected different topics according to their interests. Some students spoke about **Artificial Intelligence**, while others discussed **Global Warming**, health, education, and technology. Each student prepared their topic carefully and presented it in front of the class. A total of 58 students attended the lecture and actively participated in the activity. The students participated enthusiastically and showed great excitement throughout the session knowledge.
