11	Purpose/aim/objective and outcome of the event					
	Objectives: <ul style="list-style-type: none"> ✓ To provide basic understanding of Artificial Intelligence, its meaning, history, and importance in today's world. ✓ To highlight how AI is used in fields like healthcare, education, banking, agriculture, and transportation. ✓ To create awareness about responsible AI usage, fairness, bias, and accountability. ✓ To showcase AI tools, software, or small demos to understand real-life implementation. Outcome: <ul style="list-style-type: none"> ✓ Participants gain knowledge about Artificial Intelligence, its meaning, and fundamental principles. ✓ Participants become familiar with how AI is applied in industries like healthcare, education, banking, and agriculture. 					

	<ul style="list-style-type: none"> ✓ The seminar encourages students to explore AI courses, projects, and research opportunities. ✓ Participants gain insight into various AI-related career paths and job roles.
12	<p>Complete Activity Report (Description)</p> <p>The seminar on Artificial Intelligence was successfully conducted in the college seminar hall. The program began with a welcome speech, followed by the introduction of the guest speaker. The resource person delivered an informative session on Artificial Intelligence, covering its basics, history, and importance in modern technology. The speaker explained various AI techniques such as Machine Learning, Deep Learning, and Natural Language Processing with real-life examples.</p> <p>The seminar also highlighted the applications of AI in different fields such as healthcare, education, banking, and agriculture. The speaker discussed the benefits of AI, including automation and efficiency, as well as challenges like ethical issues, data privacy, and job displacement.</p> <p>A short demonstration of AI tools/software was also presented, which helped participants understand practical implementation. The session was interactive, and students actively participated by asking questions.</p>
