By: Dr. Laxmikant N. Soni

Date of Activity: 25/08/2025

No. of Student Participants: 12

No. of Other Student (Audience): 39

Objectives of the Activity:

1. To improve students' communication and public speaking skills.
2. To encourage critical thinking and comparison of different learning methods.
3. To help students understand the advantages and limitations of online and traditional classroom learning.
4. To develop teamwork and collaborative discussion skills among students.
5. To enhance students' confidence in expressing their opinions and ideas.
6. To promote active participation and interactive learning in the classroom.
7. To improve listening skills and respect for others' viewpoints during discussions.

Description of the Activity:

A Group Discussion activity was conducted in the classroom on the topic “**The Benefits of Online Learning vs Traditional Classroom Learning.**” The activity aimed to provide students with an opportunity to discuss and compare the advantages of both learning methods in today's educational environment. Students actively participated by sharing their opinions, experiences, and ideas regarding flexibility, accessibility, interaction, discipline, and effectiveness in learning.

The class was divided into groups, and students discussed the topic from different perspectives. The activity encouraged healthy interaction, teamwork, and collaborative learning. It also helped students improve their confidence, communication skills, and ability to present logical arguments in a structured manner. The discussion was interactive, informative, and engaging for all participants.
