Complete Activity Report (Description)

The Project and Poster Competition was conducted to provide students an opportunity to showcase their ideas and talents. Participants presented innovative projects and informative posters on different themes such as technology, environment, health, and social issues. Each participant/group explained their concept, methodology, and outcomes before a panel of judges. Posters were evaluated based on creativity, clarity, relevance, and visual appeal, while projects were judged on innovation, technical content, and presentation skills. The judges interacted with participants by asking questions, which helped assess their understanding and depth of knowledge.
